With an extraordinarily broad vocal range and natural fluency in many musical styles, countertenor Terry Barber has been featured on some of the world's most storied stages and has worked with many of the music industry's most prestigious figures.

A voting member of the Grammys, and on the advisory committee for Nelly's X'treme Recording Institute, his voice has appeared on every major record label, with Grammy-winning artists like Chanticleer, Madonna, Jewel, Chaka Khan, Cyndi Lauper, Steve Smith, and many more. Whether performing classical or popular favorites, he "breathes new life into everything he sings" and crafts what the Los Angeles Times calls "performances of great vitality and verve."

## DISCLAIMER

Although the Brighton Senior Center provides information through workshops, seminars and advertising for senior services, we do not endorse any private company. Our goal is to inform our members of the availability of services that may enhance their lives outside of the Center. As a consumer, you are encouraged to independently research and ask for references.

We appreciate all the support we receive from our local business community and health care providers.
